

## TIED OF THE METS.

## KANSAS CITY, KANSAS, REFUSES TO PAY THE POLICE.

## Mayor Hannan Vetoes the Ordinance Granting Pay to the New Metropolitans.

## The Mayor Gives as His Reason His Belief in the Unconstitutionality of the Bill.

## Seventeen Persons Injured While Coasting in Kansas City—The Cocking Main at Armourdale.

KANSAS CITY, Kan., Jan. 17.—Mayor Hannan tonight vetoed the ordinance paying the metropolitan police. In his veto message he expresses doubt as to the constitutionality of the metropolitan police bill. The supreme court recently issued a peremptory writ of mandamus compelling the mayor to call the police in show cause why he should not be adjudged guilty of contempt of court. The veto will force the issue at once.

**BOB-SLED ACCIDENT.**  
KANSAS CITY, Jan. 17.—An immense bob-sled containing fifty-two persons, including a number of children, was descending the Broadway hill, tonight, and was overturned, seventeen of the occupants sustaining injuries, three of them being seriously hurt. They were Maud McDonald, left leg and collar bone broken; Maud Wolsey, left arm broken; Jennie Tracy, three fingers broken and left leg broken below the knee.

**SIX TO FIVE.**  
ARMOURDALE, Kan., Jan. 17.—The cocking main between St. Louis and Kansas City began here today. Eleven battles were fought, of which Kansas City won six and St. Louis five. The battles are for \$100 a side, with \$200 the main. Twenty-three battles in all are to be fought. A large number of sports are present and betting is lively.

**THE WEATHER.**  
WASHINGTON, Jan. 18, 10 a. m.—For Missouri: Colder, fair weather; fresh to brisk northerly winds.  
For Kansas: Warmer, followed by colder, fair weather; light to fresh winds, becoming northerly.

**KEEPE IS DEAD.**  
An Examination Proves the Theory of Mrs. Keepe Erroneous.

LONG ISLAND CITY, N. Y., Jan. 17.—Coroner Robinson, of this city, last night granted the application of Mary Keepe to have the body of C. D. Keepe, the late proprietor of the Wall Street News, exhumed, and issued a summons to the authorities of the cemetery to open the grave and take up the casket. This morning the casket was opened, and the body was taken to a receiving vault, where in the presence of Mrs. Keepe, Coroner Robinson and a reporter of the Associated Press, it was opened. Though the body was evidently in an advanced state of decomposition, the features were perfect almost as in life, and Mrs. Keepe immediately recognized the body as that of her deceased husband. Being satisfied that her theory, that Mr. Keepe was still alive, was wrong, Mrs. Keepe requested that the body be kept in the receiving vault for a few days until she could see the coroner and district attorney of New York county, New Jersey, in relation to the holding of an investigation to ascertain whether Mr. Keepe was the victim of foul play or not. Immediately afterward Mrs. Keepe fainted and remained unconscious for some time. A detective, said to have been sent by Mrs. Keepe, was present, but did nothing further than watch the proceedings.

## HUNTING FOR A LAWYER.

## The Disappearance of Col. Marcy, of Jacksonville, Fla., Causes Gossip.

JACKSONVILLE, Fla., Jan. 17.—December 5 Col. J. C. Marcy, a lawyer of this city, suddenly and unexpectedly disappeared, no one—not even the members of his own immediate family—knowing anything of his whereabouts. His absence was kept a profound secret and nothing was heard from him until last Thursday, when his family was notified by telegram that he was in New Orleans, but that he was expected to leave that day for parts unknown. Wild rumors are prevalent that he has failed to account for a large amount of money placed in his hands by Mr. Short of the Pittsburgh, Pa., Lumber company and a Mr. Heath and Mrs. F. Denton, and had gone to Canada to escape the consequences of his failure. He is reported to be victims will not give any facts whatever or deny the rumors. J. C. Marcy, Jr., his son, says the reports are untrue and that his father's financial troubles have worried him so that he fears he has become insane. Other reports say that it is some time finds that he is not in good shape. No details can be obtained, and much seems to be maintained in the matter by parties who are supposed to know the true inwardness of the affair. His family is completely prostrated. Marcy's present whereabouts are unknown.

## DICKINSON'S TELEGRAPH STOCK.

DETROIT, Mich., Jan. 17.—It has been stated by certain papers that Mr. Dickinson, as postmaster general, may have to fix rates for government work over his own telegraph lines. The facts regarding Mr. Dickinson's telegraphic connections, as learned from W. C. Colburn, a leading Republican and heavy stockholder in the Michigan Postal Telegraph company, are as follows: Mr. Dickinson was on the board of that company and its counsel, but was never its president, up to the time he was mentioned for the postmaster-generalship. He has always been a believer that the telegraphic business should be a part of the government postal system, and as soon as it became probable that he would be named as postmaster-general he called the stockholders together and told them that he could not longer hold any stock of the company. These gentlemen wished to allow him 150 to 200 per cent on the face of his stock, but he insisted that he must be freed from any suspicion of personal interest and yielded all his stock among the other holders, receiving only the amount of his original investment and an interest dividend or enhanced value whatever.

## RELEASING A SPIRITUALIST.

BOSTON, Jan. 17.—Judge Bacon, in the superior criminal court yesterday, gave a decision in the case of C. B. Ross, sustaining the defendant's motion to quash the indictment. Mr. Ross, who is a spiritualist medium, was indicted under the public statutes, chapter 263, section 63, which provides a punishment for any person who fraudulently obtains money by means of a trick or device by the use of cards or other implements. Defendant's counsel said that Ross and his wife were engaged in a business of spiritism, and that they were brought to this commonwealth where it was sought to punish parties for holding a seance. Counsel held that the statute was intended to apply to games of cards and gambling devices, and that the cabinet and other apparatus of the medium would not constitute "implements" within the meaning of the statute. Anderson was the defendant in the indictment was the alleged person defrauded paid her money upon her entrance and before anything was done by defendant.

## WASHINGTON NEWS.

Continued from First Page.  
should there be no condemnation of wrong doing, to collect by the government, on behalf of the people, the public money now in jeopardy. The fact will not escape attention that the success of the majority plan depends on its acceptance by the companies, and their ability to do its conditions after acceptance. It is possible that the remedy proposed in the majority report might well be applied to a part only of these railroad companies.

(Signed) GROVER CLEVELAND,  
Executive Mansion, Jan. 17, 1888.

## THE THOBES-CARLISLE CASE.

WASHINGTON, Jan. 17.—The report of the election committee on the Thobes-Carlisle contest made to the house today by Chairman Crisp after a recital of the offer of the contestant to concede the election to the contestant, says that as the notice of contest fails to specify them as grounds of contest the well established rule would be a sufficient answer to the application. To induce the house to order a new hearing of his case, the contestant must show diligence in the use of the time allowed him by the statute, but in this case he took testimony in only seven of the fifty days allowed him, made no effort to procure evidence, avowed that he never wanted to enter into the contest and that he would like to get out of it, that he did not want to pay out money in the matter, and had been forced into it by the labor clubs and his desire to repel the imputation that had been cast upon him that he and his counsel had been bought up. In the opinion of the committee the laches of the contestant and his counsel have been such as to preclude him from asking any further indulgence of the house. Very careful consideration of the papers satisfy the committee beyond all reasonable doubt that not one of the substantial averments of the contest could be established by satisfactory proofs. The committee concede the right of the house to investigate the title of the contest to a seat, even if the contestant has been guilty of such negligence as to preclude him as a party. But it fails to see anything in the present case calling for an inquiry by the house for its own vindication or to purge itself of a member unfit to sit in fact. After thus disposing of the application for an extension the committee takes up the case as shown by the record and finds that no evidence was introduced which would support or tends to support any of the specifications filed by the contestant. His witnesses prove nothing to impeach the fairness of the election. The testimony of the judges of election in Tipton county were all Democrats, the committee disposes with the statement that it does not follow that the state law was violated in that particular, and cites the case of Barnes vs. Adams in the Forty-first congress as a precedent for its decision. In conclusion the committee reported resolutions declaring Carlisle, and not Thobes, elected.

## PENSION NOTES.

WASHINGTON, Jan. 17.—From the committee on pensions, Senator Turpie today reported favorably a bill to increase to \$72 per month the pension for total helplessness.  
Senator Quay, from the same committee, also reported favorably a bill to increase to \$30 per month the pension for total deafness. Pension at a proportionate rate is to be granted for partial loss of hearing.  
The senate has confirmed the nominations of the interstate commerce commission.

All the members of the Corcoran embassy were formally presented to the president this morning by Secretary Bayard. They were elaborate costumes of silk and gold, with very tall, queer-shaped hats. The secretary also formally presented to the president the newly accredited envoy from Corea, Mr. Pak Chung Yung.

## SWORN IN.

WASHINGTON, Jan. 17.—One of the first acts of the president this morning was to attach his signature to the commissions of Justice Lamar, Secretary Vilas and Postmaster General Dickinson, and his chief justice at the White House during the morning and received his commission. Messrs. Vilas and Dickinson subsequently took the oath of office and were installed in time to attend the cabinet meeting at noon today as full-fledged members.

## ON HALF RATIONS.

MINNEAPOLIS, Minn., Jan. 17.—A Tribune special from Fort McKinney, W. T., says a disastrous fire occurred there this morning at 1 o'clock, the post commissary building being entirely destroyed, involving a loss of \$100,000, on which there is no insurance. The building was stocked with commissary supplies sufficient to last until next May. Only ten days' supplies are left, and the garrison has been ordered to take the commissary stores good for a famine on account of the difficulty in getting goods into the region. General Brisson, the post commander, has telegraphed the nearest post for supplies for fast freight.

## WORKING UNDER GUARD.

JAMESTOWN, N. Y., Jan. 17.—Mayor Price has had the Fenton Guards under arms all day, and under the protection of the police, has had a force of men raising the grade of West Second street to prevent the New York Lake Erie and Western railroad from laying a siding upon the street in such a manner as to prevent the possibility of the Chautauque Lake railroad crossing the city. Both parties are working upon their property within a few rods of each other, and a collision may be looked for at any moment if the railroad people attempt to force a crossing.

## CARLISLE BETTER.

WASHINGTON, Jan. 17.—At 9 o'clock tonight Dr. Sowers said that Mr. Carlisle was resting quietly, and on the whole was considerably better than he was this morning. He had, however, another chill during the afternoon, to which the doctor seemed to attach but little importance. The child he said was used by intestinal disturbance, which were the result of overwork and disordered digestion.

## ALL WANT AN INCREASE.

PITTSBURGH, Jan. 17.—A committee representing the Brotherhood of Locomotive Engineers of the Pennsylvania company lines, called upon Manager Baldwin this afternoon to present a petition for a 10 per cent advance of wages. This together with the conductors, brakemen and yardmen's petitions, now in the hands of the officials, for an increase of wages, shows that the movement is a general one.

## NEVER DONE IT.

ALBANY, N. Y., Jan. 17.—It is authentically stated that recent statements made in print to the effect that Governor Hill had tendered to Col. Fred Grant the appointment of quarantine commissioner in the place of Thomas C. Platt, and that Col. Grant had declined the office, are without foundation.

## QUITE A SUCCESS.

NEW ORLEANS, Jan. 17.—The latest results at the government diffusion experiment station at ex-governor Warmouth's Magnolia plantation show that the diffusion process is a great success, producing thirty pounds more sugar per ton of cane than is produced by the most advanced milling process.

## A SLIGHT WRECK.

KANSAS CITY, Jan. 17.—A Journal, Moberly, Mo., special says that a Washburn Western passenger train was derailed four miles north of Coatesville, La., at 9 o'clock this morning by a broken rail. Thirteen persons were injured, but none seriously injured, but none dangerously.

## A GOOD SALARY.

ST. PAUL, Jan. 17.—J. W. Egan, of the Manitoba road, will on the 1st prox., become general manager of the Chicago, St. Paul & Kansas City road at a salary reported to be \$30,000 a year.

## SUSPECTED EMBEZZLER.

## A SECRETARY AND TREASURER ARRESTED FOR EMBEZZLING.

## Chas. F. Young of the Michigan Carbon Works Charged With Stealing \$50,000.

## Some of the Sensational Testimony Given by Miss Holmes, in the Harper Trial at Cincinnati.

## St. Paul Suffers a Three Hundred Thousand Dollar Fire—News From the Blizzard Stricken District.

DETROIT, Jan. 17.—A sensation in business circles was caused this afternoon when it became known that Chas. F. Young, for many years the confidential bookkeeper of the Michigan Carbon works, but more recently the secretary and treasurer of the concern, had been arrested charged with embezzlement. Young, for years past revealed in the possession of a blooded horse, a nobby turnout and a colored coachman on a salary of \$1,800, but as his father was known to be wealthy it excited no special attention. September Young was promoted to the position of secretary and treasurer, and not long afterwards the decrease in dividends to the stockholders caused complaints. This dissatisfaction led to an investigation. It was ascertained that somebody high in office had been steadily pocketing money belonging to the company for the last two or three years. President Jarvis has been active in the search for the guilty party, and at a meeting of the board of directors held a few days ago, informed his confidants that Young was the culprit. He said that Mr. Young, even as confidential bookkeeper, had handled money for the purchase of bonds and had credited the bookkeepers with many more notes of bonds than they had supplied, and that he had pocketed the difference between the truths and the falsity. This statement was accepted. It never occurred to anybody to question the correctness of Mr. Jarvis' statement. It was decided, therefore, to put Mr. Young in jail and compel him to make up the deficit either from his own money or through his friends and relatives. Accordingly, Mr. Young was locked up last night. He was not shut up in the ordinary quarters at the jail, but was placed in a room of the sheriff's residence.

When a reporter sought an interview at the jail this afternoon he was told that negotiations were under way to settle the affair and the request would have to be denied. The Michigan Carbon company is a constituent of the legislature, and the works are situated at Rougeville, five miles from Detroit. They cover a large extent of territory and give employment to over 100 men. President Jarvis, after consulting with his attorneys, stated this afternoon that as near as could be ascertained the defalcation amounted to \$50,000. The president said that he had been three years, being accomplished in a very clever way so as to avoid suspicion most effectively. The action is one of trespass on the part of embezzlement and Young is held in \$50,000 bail, which he has not yet given.

## THE HOPKINS TRIAL.

## Miss Holmes Gives Some Rather Sensational Testimony.

CINCINNATI, Jan. 17.—Something of a sensation was created in the Hopkins trial in the United States court today, when Miss Josie Holmes, the exchange clerk of the Fidelity National bank, and Harper's confidential secretary, was called to the witness stand. She delivered her testimony with no apparent reluctance and was self-possessed, clear and business like in all her statements. She explained how the questionable drafts used in the wheat deal were made, by saying that Hopkins would bring the broker to her desk and tell her to make out the exchange, and she (Hopkins) would give her check, which he told her to take to Harper to have it made good. She told one after another of numerous letters of credit, drafts, etc., which she wrote or interpreted at Hopkins' suggestions, and for which nothing was ever given, except Hopkins' memorandum. She said that Hopkins asked her to make out a check for \$25,000, President Swift came in and Mr. Hopkins asked her to make out a check for \$25,000, which she did. She said that she had frequent conversations with Hopkins about the wheat deal and about the price of wheat. He bought 50,000 bushels of wheat at \$1.00 a bushel, and she said that she supposed it was a present, for she gave nothing for it. He used to tell her how much she was making as wheat was wanted. She said that Hopkins told her to wait. She waited for 90 minutes Hopkins advised her to hold. Soon after it went down. Being asked if she had any memorandum of that purchase, she said: "No, I destroyed it when I was in the market broke 30 cents a bushel." She went on to tell how she wrote telegrams to Hopkins' direction concerning the wheat deal, and that she had counted her money with the wheat transactions. An effort was made by the defense to show that Harper bought the 50,000 bushels of wheat at \$1.00 a bushel, and she maintained that Mr. Hopkins told her all she knew about it, and that he managed the matter. Her earlier letters to Harper were produced and she read them all. One of them was read to the jury. She told how Mr. Hopkins's son obtained those letters. He was the messenger, and he trusted his trust. She never mentioned his name in speaking of him, but always referred to him as "Mr. Hopkins' son."

## BIG FIRE AT ST. PAUL.

ST. PAUL, Jan. 17.—This morning fire broke out in the basement of the wholesale grocery of Beaupre, Keogh & Davis, at the corner of Third and Wacouta streets, and had gained such headway before discovered that both buildings occupied by the firm, together with its entire stock, were destroyed. The loss is estimated at \$200,000, fully covered by insurance. Robert S. Rantoul owned one of the buildings burned. His loss is \$150,000, fully insured. The other building was owned by William Bros., loss \$50,000, fully insured.

## BLIZZARD NOTES.

## Late Returns Continue to Swell the Death List.

## SIOUX FALLS, Dak., Jan. 17.—The eighth victim in this county of the recent blizzard was discovered yesterday. It was Eric Erickson, farmer, near Montrose, in the next county, went to his barn to do chores, and was killed by a light in the window to guide him back, but he never came.

## JAMES KENNEDY, who passed the night in a hay stack, died slightly frozen. His wife and son went out to find him, but were both frozen, and the boy's body has not been recovered.

## G. G. Grandstrom perished within twenty yards of his house.

## A German farmer, name unknown, in Lincoln county, perished while attending to his cattle.

## Another farmer at Brandon, and an unknown farmer, were lost in the storm. It is estimated that over 5,000 head of cattle in this county alone perished in the storm. Several railroad cuts were filled with frozen cattle.

## Reports from stock ranges are meagre, but stockmen say the loss has been great.

## THE COLORADO FROZIN.

## AUSTIN, Tex., Jan. 17.—The Colorado river, for the first time since the settlement of the country, was frozen over yesterday, the ice being from four inches to a foot thick.

## Reports from stock ranges are meagre, but stockmen say the loss has been great.

on the plains and prairies. Stockmen who reached here today from No-Man's-land report cattle all right there, but they fear they are losing a great many on the plains. On Saturday Tom Jackson and Bob Smith, of Gainsville, were overcome while driving and Jackson froze to death.

MEMPHIS, Tenn., Jan. 17.—The blizzard which set in on Saturday morning is still on and business is almost entirely suspended. The evening frost is still on and is covered with ice to a depth of eight inches. A. S. Wise, a local drummer of this city, was found dead this morning in a dingy room in the negro quarter of Beal street, where it is evident he had frozen to death.

## THIRTY-ONE MISSING.

ST. PAUL, Jan. 17.—It is reported that thirty-one school children are missing in Turner county. Three children of Mr. Heines, northwest of Leomin, vanished while going home from school. The lady teacher pleaded with the scholars not to leave the school room, and finally locked the doors, but they were too many for her and had their own way. One scholar, aged 17, was among the lost. Mr. Heines wanted to kill the school mistress, but the explanation of the balance of the scholars exonerated her.

## NEARING 200.

ST. PAUL, Jan. 17.—Reports of loss of life in last week's storm continue to come in. The evening frost is still on and is covered with ice to a depth of eight inches. A. S. Wise, a local drummer of this city, was found dead this morning in a dingy room in the negro quarter of Beal street, where it is evident he had frozen to death.

## SUCCESSFUL SUGAR EXPERIMENTS.

## Distinguished People Watching the Work at Warmouth's Plantation.

NEW ORLEANS, La., Jan. 17.—The experiments at the Magnolia plantation of Gov. Warmouth, conducted by Prof. Wiley, of the Department of Agriculture, were resumed yesterday at 6 o'clock a. m. In two twenty-four hours the battery was in operation for twenty-two hours, working up 110 tons of cane. Better work is done than ever before at the rate of 1.5 tons per day. The polarization of the cane averages 14 sucrose, 60 glucose, and purity 85. Dr. Wiley is obtaining very fine extracts, with only three-tenths of 1 per cent of sugar being left in the chip. He estimates on the basis of previous work, that this run will give from 200 to 205 pounds of sugar to the ton. The second sugar from the fourth run has been swung out yielding forty-five pounds to the ton. The third sugar from the same run has been boiled, and is in wafers. It has already fully grained, and has a purity of over 90. Superintendent Barthelmy estimated the price of third sugar at twenty pounds to the ton, but putting it at fifteen would make 225 pounds of sugar to the ton from the fourth run. Unless some accident occurs the cane will all be worked up by Wednesday night and the experiments brought to a conclusion. A large number of visitors are present watching the operations with great care, including representatives for foreign governments.

## HOW IT STANDS.

NEW YORK, Jan. 17.—A London special to the times says: "This is the word of the new year, so far as prospects for peace are concerned. The papers literally swarm with reports of Russian movements and troops. It seems to be undoubted that the second army corps is now under marching orders from the Caucasus to the Rumanian frontier, while the Seventh corps, one cavalry division and one infantry brigade, and one cavalry division and two infantry divisions toward the Galician frontier. It is said that Prince Slobodan, the Russian minister at Vienna, has admitted this. Count Kalnoky, the Austrian plenipotentiary, while still protesting Russia's peaceful intentions, answered that Austria's intentions were equally peaceful, but how best to protect her province, but in that of the military authorities. Russia is again going to propose Peter Kargozorg for the Bulgarian throne, and is moving troops to give effect to her proposition. It is practically certain that he will be rejected by the powers. Then the question is, will Russia fight?"

## ATTEMPTED SUICIDE.

COLUMBIA, S. C., Jan. 17.—Rev. Dr. W. B. Shaw, a prominent and wealthy Baptist minister of Johnson, attempted to commit suicide yesterday by cutting his throat. The doctor is a convert to the doctrine of "sanctification," and his enthusiasm on that subject has unbalanced his mind, but nobody suspected that he would attempt to take his life. Yesterday afternoon, however, while Mrs. Shaw was attending to a funeral in the country, he took a barrel of water, which he placed in his back yard, and kneeling down beside it, he cut his throat with a knife. He then took a sharp knife and plunged it into his chest, and he lay over the top deliberately plunged the knife into the right side of his neck, barely missing the large artery. The doctor's wife, who was in the house, and the unfortunate man fell over upon the ground in an unconscious condition. An old negro man who was working in the yard witnessed the scene, and ran and gave the alarm. Neighbors came to his assistance, and summoned a physician. The wound is an ugly one, and will prove fatal.

## STRIKING BAKERS.

SAN FRANCISCO, Jan. 17.—The strike inaugurated by the German and American bakers' union, Confectioners' union and California Bakers' union a few days ago is still progressing. When the bakers stopped work several days ago, the White Cocks and Waiters' union showed that they were not to be trifled with, and the proprietors were obliged to close. The proprietors held a meeting signed an agreement that no union men should be employed in the future under a penalty of from \$500 to \$1,000. Several restaurants were opened today but running with non-union men. The proprietors state the strike has injured a local bakery business, and estimated that between 1,500 or 2,000 men are on a strike.

## ARSENIC IN THE BISCUIT.

CHATTANOOGA, Tenn., Jan. 17.—A post-mortem was held on the body of Henry Vaughn, who was poisoned at the boarding house of Hattie Lightfoot yesterday. A large amount of arsenic was found in the stomach and bowels. The coroner's jury rendered a verdict charging Frank Lightfoot with having put the poisonous drug in the water and flour. He has fled and the officers are trying to find him. The other five persons who ate the poisoned biscuits and drank the coffee are still alive, but John Brooks is having a hard struggle for his life. Lightfoot is the husband of the woman who ran the boarding house.

## STILL DOWN.

NEW YORK, Jan. 17.—The oil market is paucity again today. After a steady and calm opening, nearly all the time passed without a cloud of speculative sky; then the dealers on the Consolidated exchange were suddenly surprised by an outbreak of a storm. Within a few minutes prices of the pipe line certificates dropped from 90 to 80 c. At 11 the market excitement prevailed. Toward noon the market became a little better and the quotations showed 85.

## FOR STEALING NUGGETS.

DENVER, Jan. 17.—Oliver Gratton was arrested at the union depot this evening as he stepped off the train from Breckenridge. Several railroad cuts were filled with stealing in the neighborhood of \$80,000 in gold nuggets from the Victoria placer mine, near Breckenridge.

## COPPER MAKERS.

PITTSFIELD, Mass., Jan. 17.—Edward E. Lewis and Wm. H. Hunt have succeeded in producing copper by treating iron with certain acids. Lewis was badly burned by an explosion in their laboratory today.

## DAMAGED BY WATER!

The water pipes over our store froze up and bursted Saturday night, after we had gone home, and flooded the store, thereby slightly damaging a large amount of clothing which we will close out at damaging prices.
